

# VERA KATZ OUT!

## SOVIET BORN JEW AND ZIONIST PUPPET

Portland, Oreogn's Mayor, Vera Katz is a Russian born Jew, raised in New York, who within several years of moving to Portland, had claimed our city's highest office with the backing of the Jewish Lobby and special interests. Vera, since taking office, has sold out the working class Whites of Portland on many occasions and issues such as military recruitment in schools, failing to support free speech, threatening city union workers with non-union replacement and granting city work projects to anti-labor non-union companies who frequently use immigrant labor to name a few. Next elections let's give her the boot and reclaim Portland as White Working Class city to be proud off.
